Raising Attainment Programme: Extra Support & Tuition for S4-S6 Students

Easter School

On the following pages, you'll find details of the various opportunities available to students in S4, S5, and S6. This includes support options both during and after school, immersion days, online resources, and information about our Easter School programme.

It's essential that any student wishing to participate in these sessions informs their teachers in advance.

Immersion Days Programme

Immersion days, typically held the day before exams, provide students with intensive support from their teachers to help them perform to the best of their abilities on exam day.

Online Supports – E-sgoil

In addition to in-school support, students can access a national programme of online tutorials via **e-sgoil**. This online community offers a variety of learning and teaching resources. Registration for their Easter Support Webinars is now open. Click here to learn more: [E-sgoil Easter Study Support](#).

Online Supports – Achieve Hashtag App

We've also purchased a fantastic online tool for students in S4-S6 taking National 5 and Higher courses. The **Achieve Hashtag App** offers course notes, revision materials, past paper questions, and answer grids. Each student can log on using a secure code available from their teachers.

Study Leave

Study leave for most students sitting two or more exams in S4, S5, and S6 will begin on **Monday, April 28th** and end on **Friday, May 30th**. For students sitting Psychology or Computing Studies, study leave will begin on **Thursday, April 24th**.

Students sitting fewer than two exams will be enrolled in our **Inspiring Young Minds Programme**, which will run throughout April and May.

During study leave, students are welcome to come into school (in uniform) to use study spaces, Wi-Fi, the canteen, and receive support from their teachers during scheduled periods.

We encourage all students to take full advantage of these support opportunities.
